SriLankan Airlines – Asia’s rising star

The National Carrier of Sri Lanka recently upgraded its on-board service vowing to “Change the way we fly and the way our passengers experience travel.” The award-winning airline has built a strong tradition of excellent service both in the air and on the ground. SriLankan is also expanding its fleet of aircraft and increasing its destinations and frequencies, recently launching a new service to Shanghai. SriLankan currently has a global network of 49 destinations in 31 countries. SriLankan Airlines has long supported sports activities, including the Colombo Marathon since its inception.
